

Ontex is looking for a

Finance Business Intelligence Lead

Ontex is a fast growing international company where people are the most valuable asset. To reinforce our Group ICT Team at headquarters in Erembodegem (Aalst) we are looking for a Finance BI Lead, reporting directly to the Business Intelligence Manager.

Your role

You are responsible for managing the day-to-day operations of the Finance BI team. You follow up and actively participate in the projects and maintenance activities in the financial area.

- Responsible for multiple parallel BI implementations, from the requirements analysis up to the successful delivery.
- Responsible for the day-to-day operations as well as implementation of change requests into the existing environment.
- Combine a hands-on role on the initiatives you are responsible for, with leading a team of BI analysts on a day-to-day basis.
- Manage and improve the customer relation with the finance stakeholders of your areas of responsibility.
- Permanent communication to the Business Intelligence Manager and assist him in the realization of Ontex' strategic BI Roadmap.
- Active participation in and support of the business critical Ontex business transformation program.
- Contribution to the integration of new M&A's in the area of data integration.

Your profile

- Master degree in business economics and more than 6 years related experience or equal through experience.
- A true partner for the finance business on all BI related topics. Strong knowledge of the financial and controlling processes of an international FMCG company is a must.
- Proven experience with SAP BW and the SAP BusinessObjects reporting tools (Design Studio, Lumira, ...).
- Proven experience with SAP BI-IP and BPC.
- Well aware of the possibilities that SAP HANA brings for the SAP BI strategy of a company. A first project experience with SAP HANA in BI context (e.g. BW on HANA, HANA Live, ...) is a strong plus.
- You have experience with leading projects and small implementation teams. Formal certification in program and project management is a strong plus.
- Experience with change and communication management is a strong plus.
- Experience with Bimodal IT is a strong plus.
- Excellent knowledge of English, both oral and written. Other languages are considered a plus.

We offer you

- An exciting and challenging opportunity to take a leading role in the further development of the Business Intelligence strategy of a strong and international company. Business Intelligence is a strategic enabler in the realization of Ontex' mission, which is also articulated by solid investments in technologies like SAP HANA and the latest BusinessObjects reporting tools.
- A professional environment with a wealth of opportunities for your personal growth and career development.
- A fun working atmosphere where team spirit is the real deal.
- A competitive salary package in line with your experience.
