

Ontex is looking for a

SAP FICO Business Analyst

Ontex is a fast growing international company where people are the most valuable asset. To reinforce our Group SAP team we are looking for a SAP FICO Business Analyst, reporting directly to the Enabling Services Team Lead

Your role

The role of the SAP FICO Business Analyst is to support, maintain and improve the global SAP template for the areas of Finance and Controlling as well as Financial Supply Chain Management. This role is responsible to translate the business requirements into relevant system solutions.

In doing so you will:

- Contribute to the Business Applications roadmap in the areas of Finance (FI), Controlling (CO) and Financial Supply Chain Management (FSCM) of which the following modules are implemented: Credit Management, Dispute Management, Collection Management and Treasury and deliver the requested Roadmap as aligned with the Group IT & Integration Director and Business Stakeholders.
- Customizing of new setups in SAP Finance, Controlling and Financial Supply Chain Management modules in close co-operation with other senior team members.
- Assist the Enabling Services Team leader in delivering the FP&A roadmap defined by the business stakeholders and the Group IT & Integration Director.
- Define, safeguard and improve the Ontex worldwide SAP templates and best practices to support the FICO & FSCM business processes.
- Coordinate with the FP&A process owners to implement those best practices and to achieve the business benefits, while respecting the project plan and methodology.
- Contribute in SAP FICO/FSCM related projects ensuring quality assurance for the implementation of new solutions as defined in the blueprint.
- Prepare/collect/analyze business change requests and connected business cases and implementing them after the approval by the Change Advisory Board (CAB), safeguarding the consistency with the Centralized Business Model, VAT regulations and Ontex Transfer Pricing Model
- Provide second line support in the area of FI, CO and FSCM to the business users via the available Helpdesk tool.
- Basic Treasury Knowledge

Your profile

Educational requirements :

- Master degree in IT or business economics and more than 5 years related experience or equivalent combination.
- IFRS accounting policies
- Experience requirements :
 - At least 8 years hands-on experience with implementation of SAP ECC in large international companies, including configuration.
 - Excellent knowledge about the functionalities of SAP ECC and the integration between the different SAP modules: FI, CO, MM, PP, QM, SD, TR
 - Basic knowledge about the SAP BW/BI functionalities and integration with SAP FI/CO
 - Basic knowledge on the consolidation process

Specific competences :

- Team player with good communication skills
- Ability to build a good and strong relationship with the business stakeholders
- Excellent knowledge of English, both oral and written
- Very good affection towards finance business processes in a manufacturing environment
- Strong analytical mind and a flexible, pro-active result driven attitude

We offer you

- A professional environment with a wealth of opportunities for your personal growth and career development.
- A fun working atmosphere where team spirit is the real deal.
- Exciting and challenging projects with an international scope.
- A competitive salary package in line with your experience.
