

*Ontex is looking for a*

### ***Product Developer***

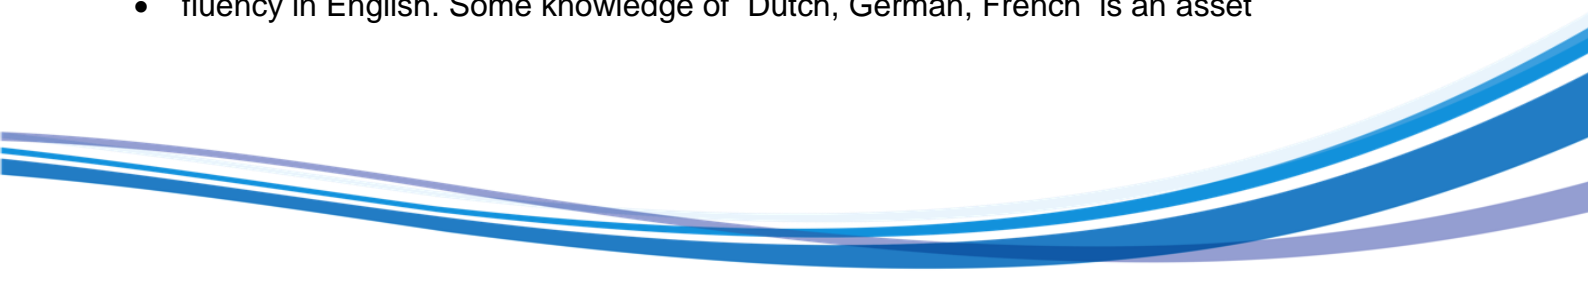

Ontex is a fast growing international company where people are the most valuable asset. To reinforce our R&D Inco Department team, we are looking for a Product Developer, reporting directly to Group R&D Manager Incontinence Care.

### ***Your role***

You are a key contact for new product developments and will play an important role in strengthening the inco team in getting more and more achievements

- lead projects teams and manage cross functional communication to assure transparency in the organization in order to maintain time targets
- keep closely in-touch with Engineering, Marketing, Plants and sales for a successful project management/implementation.
- Set up the master specification for new product developments including bill of material, product drawings, general quality recommendation, safety file
- support in integrating and driving the group sustainability strategy within the own projects, inside the innovation program, in line with the vision and mission of the organization
- support a secured IP sustainable and innovative product development program by submitting all relevant product info to the Ontex legal counsels with the clear goal to avoid infringements or protect own intelligence and know how
- gather, develop and evaluate ideas for novel products and machine processes in cooperation with the cross functional peers

### ***Your profile***

- higher education degree preferably related to product development
  - a first experience in R&D or project management is required
  - knowledge about raw materials, production processes, market
  - able to organize, prioritize and structure the work with an appetite to deal with several complex projects & procedures and are not afraid of paperwork and public speaking
  - fluency in English. Some knowledge of Dutch, German, French is an asset
- 

### ***We offer you***

- exciting and challenging projects with an international scope
  - A unique environment where local and international talents work and win together
- competitive salary

### ***Interested?***
