

*Ontex is looking for a*

### ***R&D Lab Technician***

Ontex is a fast growing international company where people are the most valuable asset. To reinforce our R&D Team in Buggenhout, we are looking for a lab technician, reporting directly to the R&D Lab Manager.

#### ***Your role***

- Generate and summarize accurate lab test data: finished products, raw materials
- Maintain the overview of incoming and outgoing samples and lab test database
- Execute and assist in finding new ways to test products from R&D incontinence programs
- Train QA lab people in lab testing in the different Incontinence producing plants
- Create and test prototype hand samples
- Organize and perform the calibration of lab test equipment
- Optimize internal lab test methods
- Guide visitors through the lab and execute demo testing

#### ***Your profile***

- Bachelor degree preferably in textile technology , chemistry or biochemistry or equal.
- Fluency in English is a must (speaking , reading , writing). Some knowledge of French, German and any other language is considered as an asset
- Strong executive and communication skills
- Strong analytical skills and organizational talent
- Proactive approach
- Reliability, dynamic & flexible team player
- PC skills, MS Office

#### ***We offer you***

- Working at Ontex means working in a unique environment where local and international talents work and win together
- A professional environment ideal for personal growth and career development
- A fun working atmosphere where team spirit is the real deal
- Exciting and challenging projects with an international scope

***Interested?*** Please send your CV and motivation letter to [els.porrez@ontexglobal.com](mailto:els.porrez@ontexglobal.com)
