

We are looking for a

Validation Coordinator

Ontex is a fast growing international company where people are the most valuable asset. To reinforce our Healthcare team in Dourges we are looking for a Validation Coordinator, reporting directly to the Quality Manager.

Your role

Job Purpose:

- Coordination and guidance of the validation processes in the plant for product and process changes in line with the Ontex guidelines.

Key tasks are :

- Coordinate and steer the process for the validation of new or changed raw materials :
 - Set up trials on the production lines with the aim to judge process capabilities and product performance
 - Report back into the R&D team on process trials on product performance and process
- Define and coordinate the process validation to proof stability of line performance for new and changed finished products in cooperation with the R&D team.
- Define and coordinate the processes to validate technical changes to equipment with the aim to ensure product performance and process stability.

Complexity and Challenges:

- Multifunctional business relations with
 - Technical, production and supply chain department in the plant
 - R&D and HQA department at Group
 - Raw material suppliers
- Use and knowledge of different IT tools within the Ontex Group

Job Accountability:

- Guide change management in the plant on raw material, product and process changes to be efficient and effective to ensure performant product and process.

Your profile

- Educational requirement :
 - Master degree (university or equal through experience) in engineering / science :
 - Knowledge about business processes and project management
- Fluent in English, any other language is considered as an asset
- Basic interested and knowledge of IT systems

- Experience :
 - No work experience needed, but some basic experience to work in project team
- Competencies :
 - Analytical skills and communication skills
 - Project management in cross functional teams

We offer you

- Working for Ontex means working in a unique environment where local and international talent truly work and win together; where people are encouraged to share their experiences and take real responsibilities. Of course, you will work under the best possible conditions, where experienced colleagues are ready to assist you.
- As a leading multinational, Ontex will reward your performance according to your expertise and potential.
- If you have the drive, the talent and the individuality to push our Quality department to a higher level, we know just the place to come and show it...

Please send your CV and motivation letter to jobs.dourges@ontexglobal.com before 01/02/2017.

About our office

In July 2016, we opened our newest factory in Dourges, France. At Ontex Dourges, we produce adult care products (under the brands of iD and Lille Healthcare). We have 325 passionate employees working here, who used to work in the Ontex plants of Arras or Wasquehal. They are the reason that Ontex Dourges is a flexible and dynamic production facility, driven by operational excellence. This new plant, built according to the current environmental norms, households the latest production technologies.

About Ontex

Ontex is a leading international producer of disposable personal hygiene solutions for all generations. We distribute in more than 110 countries through leading retailer private labels, as well as under our own brands. The group employs 8,000 employees over the world. Ontex is listed on Euronext Brussels and is part of the BEL20® index. To support our continuous growth, we are recruiting multiple profiles, in various regions.
