

A photograph at the top of the page shows two women in a laboratory setting. They are both wearing white lab coats and are looking down at something they are holding together. The background is slightly blurred, showing laboratory equipment. A large blue and white wave graphic curves across the top of the page, partially overlapping the photo.

*Ontex is looking for a*

## ***Facility & Technical Projects Supervisor***

---

Ontex is a fast growing international company where people are the most valuable asset. To reinforce Production and Technical we are looking for a Facility & Technical Projects Supervisor, reporting directly to Technical Manager.

### ***Your role***

---

- To take an active role all new technical projects
- To work for improvement of the existing system
- The installation of new machinery, design, validation, and so on to perform their work
- To organize connected team

### ***Your profile***

---

- University degree preferably in mechanical engineering department
- 3 years experience at manufacturing companies
- Fluency in English
- Good at MS Office
- No military obligation for male candidates
- Resident in European Side is a must

### ***We offer you***

---

- Working for Ontex means working in a unique environment where local and international talent truly work and win together; where people are encouraged to share their experiences and take

real responsibilities. Of course, you will work under the best possible conditions, where experienced colleagues are ready to assist you.

- As a leading multinational, Ontex will reward your performance according to your expertise and potential.
- If you have the drive, the talent and the individuality to push our Production and Technical department to a higher level, we know just the place to come and show it...

### ***Interested?***
